Hello Trish,
It looks good to me and the only place where I saw "red" was whether to include Bob. I would include him as he'll be primary author on ATSDR health consultation for Dimock and he's been POC since beginning. Here's his info:

Hi Team,

Attached is the draft Community Involvement Plan for Dimock Residential Groundwater (DRG) Site. It's required under the NCP to have one for site's over 120 days. May 19th is our deadline to have it finalized and publically available.

I used a standard CIP template, so it is consistent with all our other site CIPs. It looks long, but I didn't add any extra sections.

There are a few questions in red text.

Please let me know that you've seen it and provide any comments or feedback, if applicable, as soon as you get a chance.

Thanks so much.
